The DZC Edge

- **Customized Training Program:** DZC's customized training program is designed to meet the needs of trainees to get them accustomed with business and corporate working environment. We provide the unique opportunities for participants who already possess some job related skills and the knowledge to grow by enriching their potential.
- **No Conventional mode of training:** DZC does not follow any conventional mode of training, as it is limited to the number of participants and, is offered in class room mode with rigid training methodologies. DZC evolves its training methods with each of its topic for every participant to make them familiar with the contents and its understanding.
- **Use of technology and modern techniques:** DZC uses latest audio-visual methodology for its training. These techniques include small movies, audio files, descriptive diagrams, role based activities, discussions and narrative topics. We emphasize on to give the idea and opportunity to each participant to express themselves in their unique manner.
- **Experienced Trainer:** DZC is proud to be a pool of faculties who have experience from 5 years to 30 years in varied specialization. DZC emphasize on certification, qualification and regular training of the instructors to make an association of most skilled training professionals in our line of business.
- **Regular Evaluation:** Throughout the training program, DZC conduct several evaluation test of the participant to assess their learning from the training program. These tests are conducted in reference to their understanding, learning and skills that are expected from the program.
- **Result Oriented:** DZC stress on the performance and the final output of the training. In case, the participant(s) has/have not performed as expected, extra session can be arranged for them. The final outcome of 100% satisfaction level is coveted.
